

OCTOBER-DECEMBER 2025 PRAYER LETTER

WOMEN'S *Ministry*

We are so thankful to God at the growth the camp ministry has been having these past years. This women's retreat was another record-breaking camp with almost 200 women present from area churches! We were so excited to participate in this, and see our women impacted with God's Word and with fellowship with other sisters in Christ. Pray for the continued growth of the women in our churches here. Rachelle led the women of our church in a study of hermeneutics and they are now doing inductive Bible studies, which has been a wonderful thing to be a part of: women learning from the Word of God themselves and then applying it to their lives! What a blessing to experience!

MINISTRY *Partners*

Our year has been quite difficult ministry-wise, with upheaval in our church, not only in the church body but in our ministry team. As a result, we are extremely grateful for the team that we now have, that has been supporting us, carrying the load of ministry in the church. We know that without their help we could not be where we are. Please pray for these precious people and their families. From left to right they are Monica & Oscar Suarez, Gabriela & Jorge Iannace, Mirta & Guillermo Acosta, (Rachelle & Ben), Nilfa & Marciano Vergara (Senior ministry), and Marcelo & Gabriela Ibarra (youth ministry). Each one has trials they are going through, and need your prayers to remain faithful and strong.

END OF YEAR *Celebration*

Our church started a lovely tradition the past few years in which we dedicate the last Sunday of the year to a gratefulness and praise service to God for all He has done in the year. This year we added on baptisms and new members joining the church. It was a wonderful reminder of all that God is doing in His people. Four young men were baptized, and four families and some individuals joined the church also. It is always wonderful to hear the salvation testimonies of those being baptized and joining our membership. Praise God with us for all He is doing in our little corner of Argentina.
