

Metzgers to Argentina

JANUARY-FEBRUARY 2026 PRAYER LETTER

SUMMER *Camps*

Once again summer camps have come and gone. It is a whirlwind of activity that our whole family loves to be a part of. This year Ben was a director and Rachelle was in the kitchen. We had the three youngest as campers in their respective weeks, and then Lucas was a junior counselor, Alenna worked in the snack shop and Nico ran around and played. We were also thrilled that Natalie and our son-in-law Facundo could join us at camp helping as counselor and kitchen help one week, and Natalie as a teacher and counselor the other week. It is still such a blessing to serve alongside our grown children when we have the chance to. And this year's camps were full to the brim with youth and kids! Hearts were open and tender and there were over twenty decisions for salvation plus many others for various reasons. Praise God!

MINISTRY *Retreats*

A highlight each year is the Missionary/Pastor's retreat held at camp in February. Foreign missionaries and national pastors throughout Argentina come for four days of rest, relaxation, fellowship, and practical learning. It is always a wonderful time to reconnect with fellow co-laborers and obtain useful tools for our ministries. Our kids also love spending time with other pastor's kids! Please pray that more pastors and their families who need this special time would be able to come next year. And pray for those who were there this year. Many are going through difficult ministry seasons and health problems. We know that strong churches need strong leadership, and that is what this time is intended for. We believe that Argentina needs more laborers, but we also need to care for those that we have so that they do not give up or fall by the way-side.

SPECIAL *Visitors*

We were grateful to host Missionary-to-missionary care leaders: Don and Kathy Mingo for almost the whole month of February! It was such a privilege to have them stay with us in our home. They came down to teach those at the ministry retreat and then also stayed to speak at our annual marriage retreat! Along with that, Don preached and both of them gave testimonies at our church and were a blessing to our church people. We are so thankful for all their hard work preparing and getting down here. We know it was a great sacrifice for them to come down, and we thoroughly enjoyed all that they imparted to us, and our family enjoyed hosting them! Please pray for them as they recuperate from this trip.
